Overview

Detail-oriented Frontend Developer and UX Designer with 2+ years of hands-on experience building responsive, user-focused web applications. Currently contributing as a UX Designer under the ET-AI initiative at The Economic Times (Times Internet), designing AI-powered digital experiences. Skilled in React.js, JavaScript, HTML5, CSS3, Bootstrap, PHP/Laravel (front-end), and WordPress, with a strong understanding of UI/UX principles. I have contributed to diverse team projects and delivered solutions that balance aesthetics with performance and functionality.

The Economic Times (ET-AI)

May 2026 – Present

UX Designer

Noida, India · Apprenticeship · On-site

- Working as a UX Designer under the ET-AI initiative at Times Internet's Economic Times.
- Building intuitive and engaging UX for digital experiences and websites.
- Developing responsive interfaces using modern UX technologies.
- Applying user-first design principles to improve usability.
- Leveraging AI-powered workflows for smarter digital solutions.
- Collaborating on real-world product and development tasks, including the ET-AI Awards 2026 and Partner With Us initiatives.

Alobha Technologies Pvt. Ltd.

Aug 2024 – Dec 2025

Frontend Developer

Noida, India

- Led frontend development using React, Laravel Blade, and WordPress, delivering clean UI, reusable components, and mobile-first performance.
- Coordinated with cross-functional teams to integrate REST APIs, implement EJS-based PDF templates, and optimize UX, responsiveness, and cross-browser compatibility.

Alobha Technologies Pvt. Ltd.

Oct 2023 – Aug 2024

Junior Frontend Web Developer

Noida, India · Apprenticeship

- Converted Figma/PSD designs into responsive pages using HTML, CSS, JavaScript, and Bootstrap.
- Assisted in WordPress customization, basic Laravel frontend tasks, React landing pages, and resolving UI bugs.

Education

Panipat Institute of Engineering & Technology (Kurukshetra University)

July 2019 – Oct 2023

Bachelor of Technology in Computer Science and Engineering

SRMS SCHOOL (C.B.S.E)

Mar 2018 – Mar 2019

12th – 74.8%

Projects

[ET Most Innovative AI Awards 2026](#) (Role: UX Designer)

Tech Stack: Figma (UI Design, Auto Layout, Prototyping), Figma Plugins (Iconify, Stark), Responsive Web Design

- Designed the microsite/landing experience for the ET Most Innovative AI Awards 2026, an initiative by The Economic Times recognizing innovation in AI.
- Crafted a clean, brand-aligned interface with a focus on usability and responsive layout across devices.

[ET Partner With Us](#) (Role: UX Designer)

Tech Stack: Figma (Wireframing, Component Libraries), Figma Plugins (Content Reel, Autoflow), Responsive Web Design

- Designed the 'Partner With Us' page for The Economic Times, presenting partnership opportunities with a clear, user-first layout.
- Ensured consistency with the ET-AI design system while optimizing for readability and conversion.

[Bhusandeswar](#) (Role: Front-End Developer)

Tech Stack: Laravel (Frontend + Admin Panel), HTML5, CSS3, Bootstrap, JavaScript

- Developed the complete frontend of the Bhusandeswar Temple website and contributed to building a user-friendly Laravel-based admin panel for content management.
- Designed and implemented responsive frontend pages using Laravel Blade templates, while building reusable UI components to ensure consistency across all modules.

[Flexichains](#) (Role: Front-End Developer)

Tech Stack: React.js (Admin UI), EJS / PDF Template Generation, JavaScript, HTML, CSS

- Developed a React-based admin panel for a freight-forwarding management system, creating dynamic and responsive UIs to manage shipments, clients, and operational workflows.
- Implemented EJS document templates integrated with the React interface to generate accurate, print-ready PDFs for invoices and logistics documents, improving data flow and automating PDF generation.

[SDLC Infotech](#) (Role: Front-End Developer)

Tech Stack: WordPress, JavaScript, Elementor, Bootstrap, Responsive UI/UX, Custom Theme & Template Development

- Built a fully responsive WordPress website with custom page templates, dynamic blog layouts, and a consistent, user-focused UI/UX optimized for all devices.
- Implemented mobile-first design, intuitive navigation, and cross-browser compatibility to ensure seamless performance across desktop and mobile platforms.

Certificates

- Best Employee of the Year – 2024 (Alobha Technologies Pvt. Ltd)
- Certified Ambassador of AICTE IDEA Lab (P.I.E.T/KUK)
